\*\* These are only ideas. If something else comes your way or have been done in the past...go for it! Be a person for others!

Hello There!!

My name is Abby Ault and I am an area supervisor for Subway.

In both my Portland locations ((Congress Street and Pearl St)) we are working on getting out into the community and the best way for us to do that is to start with the local school departments.

We can all relate to the ever growing need to offer kids a choice for a healthier meal. We can also understand the need to have those costs reduced as much as possible, which is why we have decided to implement a new program specifically designed for those kids who are in a hurry and are active in school sports and/or other extra curricular activities.

We are offering our boxed lunches ((consisting of a 6 inch sandwich, mini cookies and a bottle of water)) for \$5.00 for each boxed lunch. ((Coaches and bus drivers get their sandwich for free)) I would be more than happy to provide you with an order form should you/your team want to place a large order.

With advanced notice these can be delivered to you at Cheverus High School either for lunch/dinner on game day, they can be dropped off in the afternoon before your away bus leaves from campus or your more than welcome to bring the team in and order on demand. We of course welcome non sports related teams to take advantage of this as well.

I would also love to get some coupons out to you to share with the Cheverus Community however you see fit. Please let me know the best way to get those coupons to you.

Thank you so much! My team and I are looking forward to filling your sandwich needs.
